

Maternal-Child Services

PCRMC has a lovely 17 bed Maternal-Child unit. Nurses are hired for mother/baby (post-partum care) or labor and delivery. The nursery is a level II nursery. PCRMC has about 1000 births per year. Although new grads can be hired to OB, the turnover rate is only about 4% yearly, so there are very few openings on OB. PALS, BLS and NRP are required.

Nursing Director – Pamela Feeler, BSN, RN-C
